BRAND STORY

Although Korea's ability to develop cosmetics technology has already grown to a level recognized by the world, our enthusiasm began with the question of why we should rely on European Dermo Cosmetics.

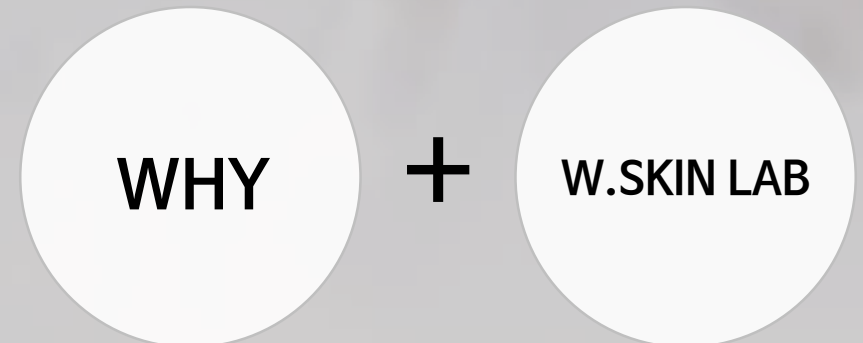

Why can't we make products that are cheaper and more functional than Europe?

Why do people place more importance on marketing or branding than the ingredients, technology, functions, and effects of cosmetics?

W.SKIN LABORATORY is constantly working hard to make effective cosmetics.

Through our innovative technology and sometimes technological partnerships with Europe, We've been researching and developing.

It makes dermo cosmetics that are really effective for the skin.

“IT’S DIFFERENT IF WE MAKE IT”

W.SKIN LABORATORY will select the best ingredient for your skin.

피부 시간을 멈춰줄 기적의 미세버블 스탑에이징 펩타이드 에센스

Why? 왜? 우리는 여기에서 시작했습니다. 우리들은 2009년 유럽의
여러 더모코스메틱 브랜드를 수입하여 국내 판매를 하면서 많은
의문을 가지게 되었습니다.
우리나라는 왜 유럽의 유명 더모코스메틱 브랜드처럼 저명하면서
기능이 좋은 제품을 만들지 못할까? 왜?
그래서 우리가 만들기로 했습니다. 전 직원이 화장품 제조판매관리자
교육을 마치고 매일 화장품 제조에 대한 평가를 하며, 매일 연구원과
같이 연구개발하여 우리는 하나의 브랜드를 만들었습니다. 이렇게
왜? Why? 에서 시작하여 유럽의 더모코스메틱 보다 더욱 더 좋은
더모코스메틱을 만들기 위해 끊임없이 밤을 새워 연구하고 개발하여
W.피부연구소가 만들어졌습니다.
